

Samuel J. Abplanalp (samabp@bu.edu)  
 Boston University  
 CURRICULUM VITAE

### **CURRENT POSITION**

September 2016 - Present      Ph.D. Student in Rehabilitation Sciences  
 Boston University, Boston, MA.  
 Expected graduation: May, 2021

### **EDUCATION**

May 2016                              B.A. Psychology, *with Distinction*  
 Purdue University at Indiana University-Purdue University  
 Indianapolis, Indianapolis, IN.

### **RESEARCH EXPERIENCE**

September 2016 - Present      Graduate Research Assistant  
 Approach Motivation & Participation Lab. Department of  
 Occupational Therapy, Boston University, Boston, MA.  
 Supervisor: Daniel Fulford, Ph.D.

May 2015 - May 2016              Undergraduate Research Assistant  
 The Pain Research Lab. Department of Psychology, Indiana  
 University-Purdue University Indianapolis, Indianapolis, IN.  
 Supervisor: Adam Hirsh, Ph.D.

August 2014 - May 2016          Undergraduate Research Assistant  
 Cognition, Language, and Affect in Severe Psychopathology Lab.  
 Indiana University-Purdue University Indianapolis, Indianapolis,  
 IN. Supervisor: Kyle Minor, Ph.D.

### **RESEARCH FUNDING**

#### Active

2018-2019                              *The Role of Experiential Negative Symptoms in Decreased Sensitivity  
 to Acute Pain in Schizophrenia*

- Role: Principal Investigator
- Mechanism: Dudley Allen Sargent Research Fund Doctoral Grant
- Source: Sargent College of Health and Rehabilitation Sciences
- Amount: \$5,000

### **PEER-REVIEWED PUBLICATIONS**

**Abplanalp, S.J.,** Fulford, D. (2019). Physical effort exertion and pain: Links with trait-based risk for psychopathology. *Psychiatry Research*, 271, 46-51.

**Abplanalp, S.J.,** Buck, B., Gonzenbach, V., Janela, C., Lysaker, P.H., & Minor, K.S. (2017). Using lexical analysis to identify emotional distress in psychometric schizotypy. *Psychiatry Research*, 55, 412-417.

Meints, S.M., Stout M., **Abplanalp, S.J.**, & Hirsh, A.T. (2017). Pain-related rumination, but not magnification or helplessness, mediates race and sex differences in experimental pain. *The Journal of Pain*, 18(3), 332-339.

### **MANUSCRIPTS UNDER REVIEW/IN PREPARATION**

**Abplanalp, S.J.**, Mueser K.T., & Fulford, D. Physical pain interferes with global functioning after accounting for psychiatric symptoms, physical health conditions, and socio-demographic characteristics in a transdiagnostic sample of 898 people with serious mental illness (in preparation).

Uhlman, A., **Abplanalp, S.J.**, Talha, A., Tabak, B., & Fulford, D. Measuring Social Motivation: A Psychometric evaluation of the Social Effort and Avoidance Scale (SEAS) (in preparation).

**Abplanalp, S.J.**, Gold, A., Gard, D.E., & Fulford, D. Examining speech in the daily lives of people with and without schizophrenia: Differences in word use and associations with symptoms and functioning (in preparation).

### **PRESENTATIONS (POSTER AND PAPER)**

Fulford, D., **Abplanalp, S.J.**, Gonzalez, R., & Gard, D. E. (2018). Mobile phone-based sensing of social interactions in people with and without schizophrenia: Implications for social isolation and loneliness. Society for Research in Psychopathology, Indianapolis, IN

**Abplanalp, S.J.**, Gonzalez, R., Warren, M., Gard, D., & Fulford, D. (2018, September). Linking active and passive mobile-based assessment to qualify enjoyment of social interactions in people with and without schizophrenia. Society for Research in Psychopathology Annual Meeting, Indianapolis, IN.

Uhlman, A., **Abplanalp, S.J.**, Talha, A., Tabak, B., & Fulford, D. (2018, September). Measuring Social Motivation: A Psychometric evaluation of the Social Effort and Avoidance Scale (SEAS). Society for Research in Psychopathology Annual Meeting, Indianapolis, IN.

**Abplanalp, S.J.** & Fulford, D (2018, March). Risk for serious mental illness, chronic pain, and pain in response to a physical effort task. American Pain Society, Anaheim, CA.

**Abplanalp, S.J.** & Minor, K.S. (2016, April). Using lexical analysis to link depression in psychometric schizotypy. IUPUI research day at Indiana University-Purdue University Indianapolis, Indianapolis, IN.

**Abplanalp, S.J.**, Miller, M., Meints, S.M., & Hirsh, A.T. (2015, November). The role of rumination in explaining gender differences in pain endurance. Indiana Psychological Association Fall Conference, Indianapolis, IN.

### **ASSESSMENT EXPERIENCE**

Brief Psychiatric Rating Scale (BPRS)

Bell-Lysaker Emotion Recognition Task (BLERT)

Brief Assessment of Cognition in Schizophrenia (BACS)

Computerized Assessment of Natural Speech (CANS)

The Clinical Assessment Interview for Negative Symptoms (CAINS)

Digit Symbol Substitution Test

The Hinting Task

Structural Clinical Interview for DSM-5 (SCID)

Heinrichs Quality of Life Scale-Revised (QLS)

Wechsler Test of Adult Reasoning

**PROFESSIONAL DEVELOPMENT**

Ad hoc reviewer (mentored by Daniel Fulford) for BMC Psychiatry

Ad hoc reviewer (mentored by Daniel Fulford) for Personality Disorders: Theory, Research, and Treatment

Ad hoc reviewer (mentored by Daniel Fulford) for Psychiatric Rehabilitation Journal

Ad hoc reviewer (mentored by Daniel Fulford) for Psychiatry Research

**CLINICAL TRAINING**

Suicide and Crisis Intervention Hotline Training, Mental Health America of Indiana (MHA)
